GBC

FOTON[®] 30

The first fully automated desktop laminator that feeds, laminates and trims with the touch of a button. FOTON 30 revolutionises the way you laminate. Equipped with built-in auto feeder and trimmer, FOTON 30 delivers automatic lamination - freeing up your time for other activities.

Load and Go operation!

FOTON 30 starts automatically after warm-up. Load papers. Push button. Walk away.

Hands Free Lamination

Integrated 30 page sheet feeder with de-skew ensures documents are straight when entering the laminator. No more feeding pouches one at a time.

Easy Supply Loading

Easy to load, self-threading cartridge makes changing film simple.

GBC FOTON 30 **\$1,599.00**

The world's first fully automatic desktop laminator with auto-cartridge.

Z2000AU	Z2000 AIR PURIFIER	\$239.00

Is it time to change your filter?

The indicator light will display on your air purifier when it's time to change your filters

Standard Filter

The Standard filters are a combination filter has been engineered to capture microscopic particles, allergens and volatile organic components (VOC's), and odorous gases

Pet Filter

The Pet filter with True HEPA helps capture up to 99.97% of pet dander and hair and helps eliminate common pet odours so you can breathe cleaner air in your home.

Allergy & Flu Filter

Boost protection from airborne viruses, flu and allergens. The Allergy & Flu Antiviral True HEPA filter captures 99% of airborne allergens and viruses, including the H1N1 virus.

Odour Filter

The Odour filter with True HEPA is engineered with an increased amount of activated carbon. Carbon pellets help remove common cooking and cleaning odours, and reduce certain VOCs.
